

EXECUTIVE DIRECTOR, THREE RIVERS AMBULANCE AUTHORITY

Description

Three Rivers Ambulance Authority (TRAA) is seeking a dynamic Executive Director to lead the organization. TRAA is a public utility authority that oversees and provides paramedic ambulance service for the City of Fort Wayne, Indiana and parts of Allen County, Indiana. Patient care services are provided through a competitively procured contractor that staffs ambulances and the system's communications center.

The TRAA Executive Director is responsible for the oversight of the Operations Contractor and for coordinating with the Emergency Physicians Foundation and other health officials to carry out critical functions of clinical standards setting and quality control activities for the system. The position is responsible for all fiscal functions of TRAA and serves as the primary spokesperson for the Authority.

The Executive Director is responsible for meeting current objectives, strategic planning to meet future needs of its communities and stakeholders, continuous examination of processes and policies to achieve best practices in the industry and ensuring fiscal responsibility. Maintaining communication and positive relationships with governmental leaders in each community are critical to the success of this position. The Executive Director reports to the Three Rivers Ambulance Authority Board of Directors, which governs TRAA.

Qualifications

A bachelor's degree in health services, public administration, business administration or related field, with progressive leadership experience is preferred. Five years of managerial experience is also desired.

Compensation

Compensation for this position is commensurate with experience.

About TRAA

Created in 1983, TRAA serves more than 300,000 citizens in multiple jurisdictions. It has been recognized as the Indiana ALS service of the year for three of the past five years. TRAA is accredited by the Commission on the Accreditation of Ambulance Services and the International Academy of Emergency Dispatch. It is a self-sustaining (non-subsidized) EMS system. Additional information about TRAA, can be found at www.traa-ems.com.
